

PROUDLY PROVIDING A PROFESSIONAL BESPOKE FUNERAL SERVICE NATIONWIDE SINCE 2006

Volkswagen Funerals have served families since 2006 and have gained a first class reputation, we are a trusted company within the funeral profession and available to hire through your funeral director. Our drivers are dressed appropriately, mature, helpful and courteous, and driving an immaculately presented car.

Our vehicles are the perfect choice for a traditional funeral but are very popular for life celebrations also Pagan / Wiccan funerals, Buddhist, eco, green funerals and woodland and natural burials. Also for folk who had a great sense of adventure and a love of the outdoors, perhaps they travelled in one or enjoyed music festivals, enjoyed

holidays in a Volkswagen camper or Moggy or perhaps owned a Beetle and for those who always dreamed of owning or go travelling in one of these iconic vehicles.

Funeral rituals have come a long way since the Victorian era. While many families continue to prefer traditional funerals, an increasing number are now changing traditions in many ways. The purpose of a funeral is ultimately to bring peace and comfort to the bereaved, and we believe that whatever rituals are best for them are the ones that should be used.

It is most important that you do check our availability before booking your funeral service.

1972 Bay Window Hearse - 'Hearseby'

'Hearseby' is a 'show winning' and extremely rare VW 'Type 26' bay window coach built hearse, the only one of its kind offered for hire. Simply known as 'the campervan hearse' although he has never actually been a camper. This original 1972 hearse has been sympathetically restored and is absolutely stunningly beautiful. This hearse can cater for larger caskets and floral tributes.

1965 Split Screen Hearse - 'Ernie'

There's also 'Ernie' our handsome 1965 split screen VW hearse for those who love the earlier model. Ernie has spent most of his life in the United States and is two tone silver in testament to the Airstream caravans and has oodles of shiny stainless steel fittings, a rise and fall coffin deck and is topped with our bespoke pennant flag and flower rack. Ernie can cater for large caskets and floral tributes.

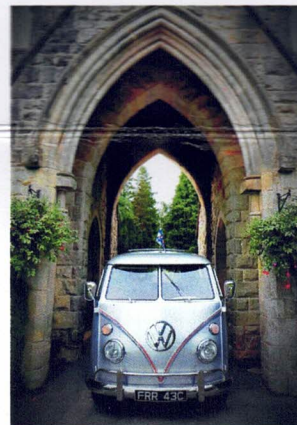

Volkswagen Funerals VW fleet can be identified by the bespoke pennant flag on the roof which can be personalised to suit the funeral.

1965 Morris 100 Traveller Hearse - 'Trudy'

Added to the fleet in 2018 'Trudy' the Morris 1000 Traveller was built and registered in 1965. Having been a much loved family car during her life she became run down and in need of restoration, this took place in 2009 and she was adapted to become a hearse and started her working life in 2011. Just like the VW's Trudy is a fitting vehicle for many types of people who loved a Moggy or classic cars in general.

***coffin size restriction applies, please ensure this is checked prior to booking – see the website FAQ page for details.**

For more information and to keep up to date with our vehicles and service, please see our websites or ask your funeral director for further details.
